U.S. Agricultural Trade Update

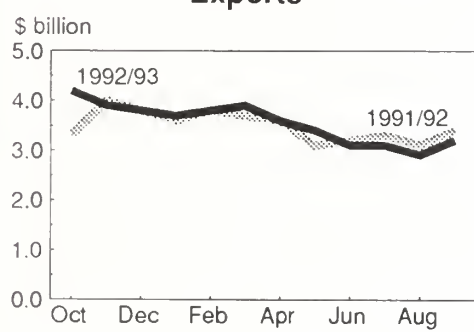

Economic Research Service
U.S. Department of Agriculture

November 22, 1993

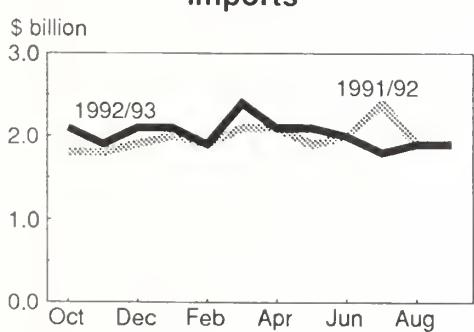

Trade Surplus

Exports

Imports

Trade Surplus Rises - The September U.S. agricultural trade surplus increased \$300 million from August to \$1.4 billion, however, it was about 7 percent below a year earlier due to lower exports. The cumulative surplus for FY 1993 (October 1992-September 1993) totaled \$18.1 billion, 2 percent higher than FY 1992 (table 3).

Exports Higher - September exports increased to \$3.2 billion from \$2.9 billion in August but were 5 percent below September 1992. Beef exports totaled \$173 million, down 1 percent from August while poultry meat exports fell 3 percent. Fruit, vegetable, and tree nut exports continued to grow, increasing about 4 percent to \$570 million. Tobacco exports were down by 8 percent compared with a year ago. Meat exports were steady, although shipments to Japan, the major destination, were up 13 percent. Fresh vegetable and poultry exports decreased slightly. FY 1993 export value totaled \$42.6 billion, unchanged from last year.

Wheat exports were 2.9 million tons in September, up 4 percent from August and up 8 percent from September 1992. Pakistan imported 420,000 tons, double August's shipments, making it the largest buyer. Shipments to the former Soviet Union were 285,000 tons, up from 209,000 in August. Exports to Japan slowed to 290,000 tons from 328,000 tons. Morocco purchased 219,000 tons and Korea 127,000 tons. FY 1993 exports totaled almost 36.1 million tons, up from 34.3 million tons from FY 1992.

Corn exports rebounded from August to 3.5 million tons, but were still 11 percent below September 1992's 3.9 million tons. Exports to Japan increased to 1.3 million tons, Taiwan purchased 594,000 tons, but shipments were down to other major markets compared with September 1992. Egypt imported 283,000 tons and Algeria 148,000 tons. Corn exports for FY 1993 totaled 41.8 million tons, 3 percent over fiscal 1992.

Soybean exports rose to 818,000 tons in September, up from 670,000 tons in August, but well below last September's 1.4 million tons. Higher South American supplies and weak global demand

slowed U.S. soybean exports. Exports to Japan fell 10 percent to 241,000 tons. Exports to Taiwan were 189,000 tons and 167,000 tons to Korea, followed by 22,000 tons to the Netherlands. Fiscal 1993 soybean exports totaled 20.4 million tons, 6 percent above FY 1992.

Grain *sorghum* exports fell to 369,000 tons, 26 percent below August, and 12 percent below the same period in 1992. Japan imported 176,000 tons, 156,000 tons went to Mexico, and 23,000 tons went to Chile. FY 1993 exports were 6.7 million tons, 11 percent less than last year.

Cotton exports continued falling to 54,000 tons, 16 percent below August, but only 7 percent below August 1992. Exports included 14,000 tons to Korea, 13,000 tons to Mexico, and 8,000 tons to Japan. Cumulative October-September exports were over 1.1 million tons, 25 percent less than a year earlier.

Imports Increase - Imports for September 1993 totaled \$1.9 billion, about 4 percent above August, and unchanged from a year earlier, as oilseed products, tobacco, and beverage imports slowed. Beef shipments rose 35 percent to nearly \$170 million. Noncompetitive products fell 3 percent compared with September 1992 on lower cocoa and spice shipments. Coffee and bananas rose slightly. Horticultural products increased 2 percent to \$6.9 billion. Imports for fiscal 1993 totaled \$24.5 billion, 1 percent higher than last year. (Tom Capehart, 202-219-0822)

Leading Export Destinations in Fiscal 1993 - Japan purchased \$8.5 billion worth of U.S. agricultural commodities, about 20 percent of U.S. exports, making it our largest market. Canada and Mexico followed at \$5.2 and \$3.7 billion, respectively. Taiwan imported \$2.0 billion. Exports to China plummeted in FY 1993, falling 54 percent to \$300 million. Overall EC-12 shipments fell 2 percent to 7.0 billion. Developed countries accounted for 48 percent of total agricultural exports and developing countries 49 percent.
